É a água,/ o elemento água, / a paz,/ a solidão, /a
reflexão,/o contínuo movimento/ de renovação e/ de-
safio que permite/ a revelação/ da profecia. / É a água
que simboliza/ a latência/ do sonho/, a água nua/,
despida/ e apenas espelho/ ou abismo,/que mostra
e que esconde./ Combinação/ proibida/ de opostos,/
como a própria poesia,/ que se por um lado/ comuni-
ca,/ nada diz de imediato,/ mas antes quer provocar/
em quem a lê/ a reflexão mais profunda ou a reflexão
mais imediata/, o abismo e o espelho.

“Contemplo o lago mudo/ Que uma brisa estremece.
Não sei se penso em tudo/ Ou se tudo me esquece.
O lago nada me diz,/ Não sinto a brisa mexê-lo
Não sei se sou feliz/ Nem se desejo sê-lo.
Trêmulos vincos risonhos/ Na água adormecida.
Por que fiz eu dos sonhos/ A minha única vida?”

“I contemplate the silent lake / What a breeze trembles.
I do not know if I think of all / Or if I forget everything.
Lake tells me nothing, / not feel the breeze to mix it
I do not know if I’m happy / Not if I want to be.
Trembling creases laughing / sleeping on the water.
Why did I dream / My only life? “
